Kenya: Practical Action

Practical Action

Practical Action is an international development agency working with poor communities to help them choose and use technology to improve their lives for today and generations to come. Our work in Africa, Asia and Latin America is in partnership with poor people and their communities, building on their own knowledge and skills to come up with innovative, sustainable and practical solutions. Our work is people focused, locally relevant, environmentally sensitive and offers tangible ways out of poverty. Through our work we demonstrate alternatives, share knowledge and influence change.
